exceed yourself ...
with amazing **evnLight!**
even + glare-free illuminations

SUPER FLEXIBLE!

evnbetter

Dynamic and precise: xcd 3 wideline.
Dot-free illumination in a new dimension.

Extra wide, extra light!

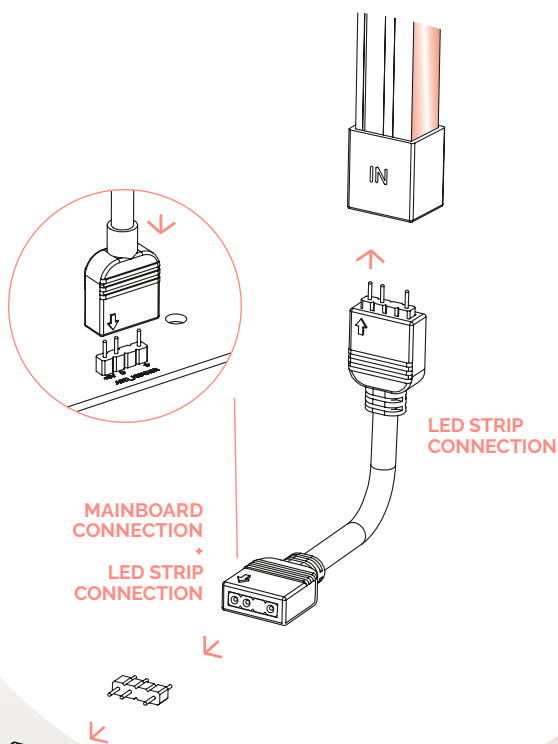

Even and dot-free lights through evnLight diffuser technology. The LED Strip you don't need to hide.

NEW POSSIBILITIES!

- > Enjoy innovative evnLight-technology: xcd 3-Lines scatter the light for even lighting.
- > Perfect for glare-free effects + creative light designs, like lettering on your wall.
- > evnLight-Lines are equipped with individually addressable LEDs and a special 1 cm wide light-diffuser.
- > widelines come to you with aluminum clips. These facilitate the attachment of xcd3 forms on various surfaces, you can screw or glue!

PRAKTISCH!

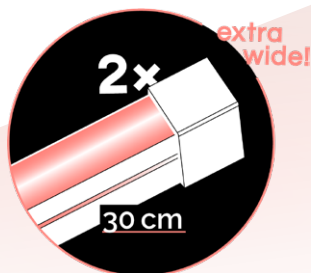

- > Compatible with all eb #1, #2 + #3 controller + all mainboards with a 3 pin RGB Header +5V, DATA, GND [xx x]
- > Compatible with all eb xcd 2 and xcd 3 accessories
